To whom it may concern:

This letter confirms that A-LIGN has conducted an **ISO/IEC 27001:2022** assessment of Asterism (Kirha) 's services.

The scope of the examination included Asterism (Kirha) 's compliance with all **ISO/IEC 27001:2022** clauses and relevant annex controls as outlined in the statement of applicability. This assessment covers all in scope personnel and facilities as outlined in the scope of registration. The scope of the ISMS was defined as the following:

"The Information Security Management System (ISMS), in accordance with ISO/IEC 27001:2022, supporting the confidentiality, integrity, and availability of information related to the design, development, operation, and delivery of the Kirha Context-as-a-Service Platform, which provides AI agents and applications with governed, aggregated access to third-party data and tools via API and web dashboard, in accordance with the Statement of Applicability.

At this point of our engagement, Asterism (Kirha) has successfully completed the initial ISO 27001 audit and has been recommended for certification. A-LIGN is in the process of finalizing the audit report and requesting official certificates.

Please do not hesitate to contact me if you have any questions.
